The Irish History Round Table Presents

## “*The Irish Situation*”

Looking at Modern & Contemporary  
Irish Art in Context

Free and Open to the Public

**Tues. November 19<sup>th</sup>, 7:30pm**

Knights of St. Patrick Hall

1533 State St., New Haven, CT

THE GREAT HUNGER. EASTER RISING. EMIGRATION....

Ireland is an island shaped by centuries of foreign occupation, devastating famine, civil war and economic instability. And yet, in spite (or perhaps, because) of these obstacles, the country has enjoyed a flourishing, though underexplored, visual arts culture.

Join us as we examine the political, psychological and sociological effects of Irish history on its modern and contemporary art.
